

CO-DESIGN WORKSHOPS

Collaborate to Connect (C2C) is your launchpad into co-design.

Equip your organisation with the skills, confidence, and tools to engage communities in shaping the programs, services, and policies that affect them.

MODULE 1: PLANNING CO-DESIGN

This module will cover:

- What co-design is and is not
- Project purpose, scope, and planning
- Roles and decision-making
- Recruitment, access and participant support

Best suited for:

Staff preparing to work with community, consumers, or people with lived experience

MODULE 2: FACILITATING CO-DESIGN

This module will cover:

- Role of a facilitator in co-design
- Facilitation skills and group participation
- Responding to group dynamics and needs
- Session design
- Documenting ideas and moving them forward

Best suited for:

Staff who plan to OR currently facilitate meetings, workshops, advisory groups or working groups

MODULE 3: SUSTAINING CO-DESIGN FOR ORGANISATIONS

This module will cover:

- What happens after the co-design process
- Closing the loop with community
- Learning from the process
- Embedding changes into organisational practices

Best suited for:

Organisations wanting to build long-term capacity for co-design, collaboration and community involvement

Available online or
in-person

3.5 hours per module

Booked individually or
as a series
